MEMORANDUM FOR: Deputy Director (Support)

SUBJECT: Topics for the Killian Committee

1. As agreed, I am submitting this paper to you in draft form.

2. You will note that there is implicit in some of the statements a rather sharp criticism of Agency practices. These are points which have been made in our talks with key people on this subject, and I think most of them are valid and represent a healthy attitude. Whether they should necessarily go to the committee is a question I cannot very well decide.

3. I will put this in final form after you have crossed out any of the sections you think unnecessary.
